

Blower 1,1 kW

Need an (extra) blower: Meet our smallest star

As a company renting out, for instance, bouncy castles and other inflatables, you want to provide your customers with the right type of blower. As a standard, all items JB has in its product range are conveniently supplied with the most suitable blower. However, there may be circumstances in which you want to have an (extra) one available. It goes without saying we can supply it!

This 1.1 kW blower, for instance, which is the smallest super star in our range.

Small and powerful

Although this small powerhouse is ideal for our smaller inflatables, and to keep them properly inflated with a constant air supply, it can be connected to any inflatable item. The blower causes a noise level of about 81 dB and weighs approximately 15 kilograms.

If you need a more powerful blower, for instance for a bouncy castle or any other inflatable attraction, we also have a 1.5 kW type available in our product range. You can find it here.

Premium quality with a 1-year warranty

JB-Inflatables always aims for the best quality possible. That is why we confidently provide a 1-year warranty for this blower and to complete our services, this blower is delivered for free.

JB: 15,000 enthusiastic customers in 15 years

Over a period of 15 years, JB has made more than 15,000 people around the world jump for joy, more often than not even literally. Our team of designers, developers and logistic staff ensure you are supplied with unique experiences. And with us you are always assured of our service and high-quality delivery! It is for good reason people call us 'creators of greatness'!
